Linear Height LH-600 Series	\$575	\$790
GBCD-100/GBCD-250	\$1,150	\$1,437

Above pricing includes certificate of calibration and accompanying data. Machine must be in normal working condition. Labor to complete the calibration due to abnormal machine condition will be charged at the current hourly rate.

1. Pricing for a Certificate of Calibration showing 'as found' reading (before any adjustment) is available by quotation. All calibrations include general cleaning, labor charges for calibration and certificate of calibration.
2. All high-end model roundness machines include radial accuracy check, axial accuracy check, parallelism of Z column check, straightness of Z in both narrow and wide range check, squareness of R-axis check and straightness of R-axis check.

** Cannot provide A2LA Accredited Calibration. Will require standard calibration.

Field Service Agreement

Mitutoyo Service Agreements are designed to provide responsive and reliable service. Our service engineers are fully trained in the operation and servicing of Mitutoyo CMM, Vision and Form (PMI) products, so as to provide the very best service to our customers. Not only does Mitutoyo offer A2LA accredited service; Mitutoyo is one of the only companies in the United States whose field service and calibration labs offer ISO 17025 accredited services.

Field Service Agreements cover the following:

- Cost Savings over individual Recalibrations
 - Service Price Increase Protection
 - One Recalibration per year for the duration of the Agreement*
 - A2LA Accredited Calibration and Certification
 - Priority Scheduling
 - One Annual Check-up per year for the duration of the agreement
 - Field Service Calibration checklist available upon request
 - All travel related expenses are included with the purchase of this agreement, such as hotel, meals, travel, air fare as needed
 - Bronze PLUS agreements will include "As Found" and "After" Data.
- * Calibrations can be altered to every quarter to six months alterations upon request.

Whatever your challenges are, Mitutoyo supports you from start to finish.

Mitutoyo is not only a manufacturer of top-quality measuring products but one that also offers qualified support for the lifetime of the equipment, backed by comprehensive services that ensure your staff can make the very best use of the investment.

Apart from the basics of calibration and repair, Mitutoyo offers product and metrology training, as well as IT support for the sophisticated software used in modern measuring technology. We can also design, build, test and deliver measuring solutions and even, if deemed cost-effective, take your critical measurement challenges in-house on a sub-contract basis.

Note: All information regarding our products, and in particular the illustrations, drawings, dimensional and performance data contained in this printed matter as well as other technical data are to be regarded as approximate average values. We therefore reserve the right to make changes to the corresponding designs. The stated standards, similar technical regulations, descriptions and illustrations of the products were valid at the time of printing. In addition, the latest applicable version of our General Trading Conditions will apply. Only quotations submitted by ourselves may be regarded as definitive. Specifications are subject to change without notice.

Mitutoyo products are subject to US Export Administration Regulations (EAR). Re-export or relocation of our products may require prior approval by an appropriate governing authority.

Trademarks and Registrations

Designations used by companies to distinguish their products are often claimed as trademarks. In all instances where Mitutoyo America Corporation is aware of a claim, the product names appear in initial capital or all capital letters. The appropriate companies should be contacted for more complete trademark and registration information.
